

# Breeza™

Deodorizing Toilet Seat

## OWNER'S MANUAL

Round : BR30-RW / BR30-RB

Elongated : BR30-EW / BR30-EB

This manual contains important safety information.  
Please read it carefully before product installation or use.

## Important Safeguard

For safety reasons, please read this entire manual before use.

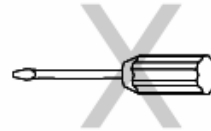

Do not use harsh brushes or abrasive detergents to clean the BREEZA. Use only mild soap and a soft cloth for cleaning.

Please use caution not to spray water directly on the BREEZA. This could cause damage to the product.

Do not disassemble or modify the BREEZA. Only an authorized service representative should perform repairs.

## Before Installation

Items required but NOT included: 2 x D-size batteries, screwdriver, wrench.

Be sure that all parts are on hand before proceeding with the installation.

Under normal circumstances, tools are not required for the installation process. However, some toilet bowls may be designed with hard to reach areas, in which case, a screwdriver or wrench may be required.

## Installation

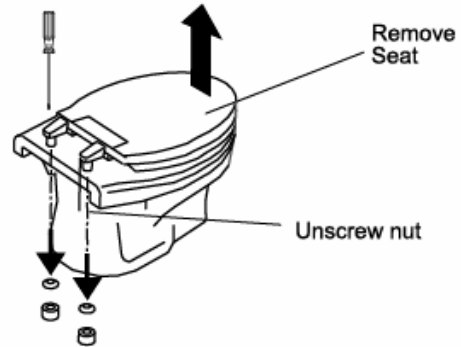

Please read these instructions carefully before installing the BREEZA.

Failure to do so may result in damage to the product.

### 1) Removing Existing Toilet Seat

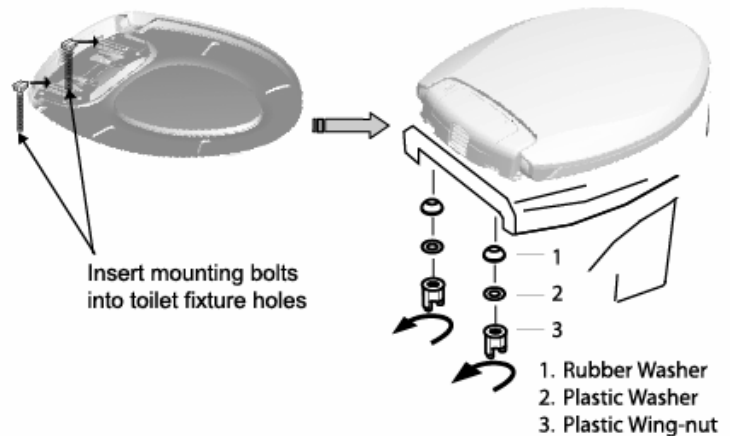

- Lift hinge covers and use a screw driver to remove the mounting bolts.
- Remove the toilet seat.

Steps may vary by type of seat.

### 2) Installing the BREEZA

- Insert the adjustable Mounting Bolts into appropriate grooves on the bottom of the BREEZA (US for United States & EU for European).
- Insert the Mounting Bolts through the toilet mounting holes.
- Adjust the seat by sliding it forward or backward along the track to obtain optimum position over the toilet bowl.
- Insert Rubber Washer, Plastic Washer and Plastic Wing-nut, from under the toilet, onto each Mounting Bolt and fasten until snug (repeat process on the other side).
- Use a Wrench to assist with tightening the Plastic Wing-nut if necessary.

### 3) Installing the BREEZA (alternate)

Some toilet fixtures are designed with only top-side access. To install the BREEZA onto these types of fixtures, an Alternate Mounting Kit is required.

To have a set of the Alternate Mounting Kit delivered to you, please contact Brondell.

## Installation

### 4) Opening / Closing POD Lid

#### To Open:

- Gently press down on the top edge.
- Push forward to remove.

#### To Close:

- Position POD Lid on top of the POD opening.
- Push POD Lid inward, listen for a "click" to ensure that POD Lid is securely closed.

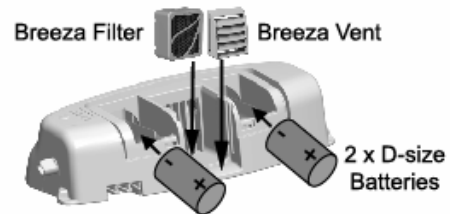

To Open

To Close

### 5) Inserting Accessory Items

- Insert 2 D-size batteries in designated slot with positive (+) side exposed.
- Insert Breeza Filter cartridge in the designated location.
- Insert Breeza Vent cartridge in the designated location.

## Operation

Features of the BREEZA are designed to function only when the seat is occupied.  
The Deodorizer LED indicator (blue light) will remain off when not in use.

### Using the BREEZA

**To Start:** Gently sit on the seat. The seat sensor will automatically activate the Deodorizer function.

**To Stop:** Move away from the seat. The Deodorizer function will remain on for an additional 60 seconds before automatically switching off.

Blue LED indicates the deodorizer function is activated

## Caution

### Seat Sensor

The seat sensor is designed to activate by the touch of bare skin.

Do not insert a seat cover over the BREEZA seat.

## Maintenance

### Seat Cleaning

Use a soft, damp cloth and mild cleanser (such as dish soap) to wipe down the seat and lid. NEVER scrub or use harsh, abrasive products to clean the BREEZA.

For more thorough cleaning, you may remove the BREEZA. To release, unscrew and remove the Plastic Wing-nut, Plastic Washer and Rubber Washer that are against the bottom of the toilet mounting holes.

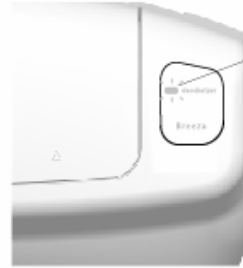

Perform the reverse operation when re-installing the BREEZA back onto the toilet.

### Accessories Replacement

In order to maintain optimum performance, replace accessory items on a regular basis.

ITEM	REPLACE
Breeza Vent	Every month
Breeza Filter	Every 6 months

Change batteries soon after the low battery indication is activated (flashing blue light).

Flashing blue LED light indicates the battery power is low
